Debunking the lies about the Jews

The following information is, interestingly, never shared by "Truth seekers" and personally from what I've seen its isn't talked about by many people. This information is important and needs to be shared because the truth needs to be known! Some of this information comes directly from official UN sources and can be verified(proven) when you look into it. The contents of this post are:

The UN, Zionism/Israel, Nazism, the British, Arab nations, and the USSR:

The Talmud:

Do the Jews control the media?

The truth about Israel and Zionism. What happened to ancient Israel and the Jews.

Overview/conclusion:

The UN, Zionism/Israel, Nazism, the British, Arab nations, and the USSR:

Do the "Zionist Jews" control the world with there "Zionist UN one world government"?

- The UN, the closet thing to a world government, is the predecessor to the one world government and, as of 2013, 45% of all UN resolutions have condemned Israel, where 50% of all Jews live, therefore making Israel the most condemned country by the UN(1, UN watch sourced from official UN website: 1, 2); One of the UN's resolutions is the UN resolution on Zionism which stated Zionism is racism(Official UN website: Archived), showing the UN is antizionist, and these resolutions have been supported by Russia(USSR) and Arab nations.
    - Even though the UN revoked the "Zionism is racism" resolution, the 2001 Durban conference(World Conference against Racism 2001), which was backed by the UN, had a drafted document stating "Zionism is racism"(Official UN website: Archived).
    - The UN's human rights council, whos membership include dictatorships, doesn't condemn, investigate or make resolutions on the worlds worst dictatorships but instead gives them a free pass and condemns Israel instead showing the UN is deeply antizionist.
- The fourth UN Secretary General, Kurt Waldheim, was supported by the USSR and was a former Nazi who reviewed and approved antisemitic propaganda which stated "Kill the Jews"(2).
- The UN's UNRWA school teachers have praised the slaughter/murder of Jews and the UNRWA schools have hired Palestinian terrorists(UN watch reports proving UNRWA staff are antisemitic, Report from former UNRWA member stating how UNRWA members could be members of terrorist groups). Hamas, an antisemitic Palestinian terrorist group who is funded by Arab nations and who has murdered Jews and wants to kill all Jews and destroy Israel, has repeatedly interfered with UNRWA school curriculum. (3: UNRWA corrupt)
- The Arab nations, which supported the Nazis genocide of the Jews, and therefore had some support from the Nazis(4, 5), and which were supported by the USSR(6),

slaughtered some of there Jewish populations and even kicked some of there Jewish populations out of there countries after WW2, the war where the Nazis killed 6 million Jews and planned to kill all Jews, and after Israel declared there independence(7, 8); Once Israel declared its independence these Arab nations invaded Israel to destroy it(9).

Why does the UN condemn Israel, so much and all of the time, but not the rest of the world? Because the UN is anti-Israel/antizionist and antisemitic and these facts prove it and therefore prove the world and governments around the world aren't controlled by "Zionist Jews". This means the "Jews" that are in power are either real Jews or fake Jews but it doesn't matter because the elite placed them in power to put the blame on Jews which also means they are just the front people and don't have true power. The elite corrupted Israel and Zionism with the people they want in power.

It can also be seen that there are two groups in the UN which are:

- The nations which "support" the Jews.
- The rouge nations, and the nations they influence, who don't support the Jews.

But both groups support the genocide of the Jews. The first group, the nations who "support" the Jews, reluctantly allowed the Jews to establish Israel, so most Jews could move there, making it easier for the elite to kill the Jews in the future.

As mentioned the elite were reluctant in allowing the Jews to establish Israel, but they eventually allowed it to happen, which can be seen by how:

- The Balfour declaration, which has been cited as “proof” that the Zionists and British “were on the same side”, was a statement issued in 1917 by the British government supporting the establishment of a Jewish homeland in Palestine even though the land was not under British control yet. By the time the land was under British control they had changed there mind and the Balfour declaration was never enacted showing they were not interested in establishing Israel(10).
- Due to the influx of Jews moving to Palestine, the Arabs started riots, which were instigated by Amin al-Husseini, where they slaughtered Jewish populations(11), which lead the British punishing the Jews by enacting anti-Jewish immigration quotas instead of protecting the Jews which lead to the Jews forming self-defense units(which became the Haganah); The Jews were even forbidden from purchasing property and the British even restricted Jews from purchasing land, which was caused by the white paper which called for the establishment of a singular Palestinian state. (Note: The restrictions of Jewish immigration was during the time Jews were trying to escape Europe due to the Nazis.) In 1947 the British put the Jews under martial law and ended up killing Jewish civilians(12). The Jews ended up fighting back leading to the British leaving and having the UN decide what happens.
- After the Holocaust most Jews had no home to go to and wanted to move to Palestine but immigration was illegal and the British continued to enact quotas so Jews illegally immigrated. A lot of these illegal immigrations ended in catastrophe and death at the hands of the British(13).
- The British left knowing the surrounding Arab nations would immediately attack Israel and it has been said the British, possibly, encouraged the Arab armies to invade Israel showing they did not care about the Jews and if they could establish there nation. In addition to this the British aided Arab armies.
- The royal family, one of the elite bloodlines, is antisemitic:

    - In 2005 Prince Harry dressed as a Nazi for a costume party.
    - A video of the royal family, including Edward VIII, doing the Nazi salute was released, in 2015, and the royal family released a statement which stated they did not know how events would have turned out even though Hitler published his antisemitic book, Mein Kampf, and Nazi Germany had already passed antisemitic laws.
    - King Edward VIII was a Nazi sympathizer/supporter and alot of other royal family members supported the Nazis and in some cases were even Nazi (SS) members or had connections to the Nazis.The royal family have attempted to destroy most evidence of there alliance with the Nazis to hide these facts.

The British and elite didn't just give the land to the Jews and when they let the Jews establish Israel the elite placed the people they wanted in power. The elite have been using Jews and Israel to increase antisemitism. Both groups want to use Israel for there own purpose; The USSR wanted Israel to be communist, which would have stripped Jews and Israel of there identity, but when it didn't become communist they went against the Jews and Israel.

But why is it that "Truth seekers", or conspiracy theorists as I should call them when regarding this, and "activists" never talk about this information, research it and share it? Its because this information is being censored and controlled by the elite making it hard to come across, unless you actually research it, and because the elite are spreading conspiracy theories and propaganda, which lie about the Jews, Zionism and Israel, to harm the Jewish people and to aid them in killing all Jews.

"Activists" claim Palestinian voices aren't heard but in reality they are the loudest and you never hear about the Jewish and Israel side of the story because the "activists" always say its a lie and what makes this worse is that these "activists" share USSR (antisemitic) propaganda and the "truth seekers" share and believe in conspiracy theories that originate from Russia(USSR):

- Most, if not all, current day conspiracy theories about "Jews controlling the world" tie into and/or originate from "The Protocols of the Elders of Zion", which is one of the foundations to Nazism/Nazi antisemitism, which originated from Russia therefore, based on previous facts, we know this document is fake and was created by the elites, in Russia, to directly target Jews, boost antisemitism and aid them in killing the Jews. The 1988 charter of Hamas, which claims Jews control the UN, stated that the Protocols embodies the plan of the Zionists.
    - At the 2001 Durban conference(World Conference against Racism 2001) copies of "The Protocols of the Elders of Zion" were sold and the organizers of the event, who were asked to remove the text, did not remove the texts(UN watch).
- Jewish Bolshevism(Judeo–Bolshevism), along with Jewish Communism, is another antisemitic conspiracy theory which states the Jews held primary power in the Bolsheviks and were behind the Russian Revolution and all other Communist movements even though evidence above and below shows the USSR was antisemitic and Communism completely strips Jews of the identity. The spread of this theory was boosted by the fraudulent document "The Protocols of the Elders of Zion" and was another foundation to Nazism.

- The Khazar hypothesis, an antisemitic theory that states Jews originate from the Khazars and not the ancient Israelites, is another theory that originated from Russia and was supported by the USSR who considered the Khazars, and therefore the Jews, as parasitic(pravda(USSR) article by P. Ivanov, The great friendship 313-314: Istoriya Khazar).
    - The theory was boosted by the book “The Thirteenth Tribe” which was written by Arthur Koestler, who was a communist who supported the USSR, until he resigned from the communist party, and was a commander of the order of the British empire, whose work was funded and distributed by the IRD(Information Research Department), a covert propaganda wing of the UK Foreign Office, which spread disinformation and fake news.
    - This theory has been used to say the Jews aren’t the real Jews and therefore have no right to claim the land where ancient Israel was. It is also used by conspiracy theorists as a pseudohistory origin of Jews, to clame the Jews are fake Jews, and the origin of the “Jewish” elite(Khazarian mafia).
    - The elite are using this theory to rewrite history and if this theory was true then why do the elite treat the Jews like this?
    - The theory is easily debunked:
        - Genetic evidence which shows over 90% of Jews(most Jews), which includes Ashkenazi Jews, ARE descended from ancient Jews/Israelites, who were kicked out of ancient Israel/Judea by the Romans and became slaves, and which shows Jews have close genetic ties/links to the middle east, specifically where ancient Israel was.
        - History/Historical documents (which shows the movement of Jews through Europe)
        - Linguistics (of Yiddish) and Jewish surnames which show no connection/link to Khazaria.
- Related to the previous point(s) and the source of the previous point: Pravda, a USSR owned newspaper, along with other USSR newspapers(USSR propaganda) made many other antisemitic clames, in the form of “antizionism”, such as “Israel is merely a means to an end of Jewish imperialism and world domination” and comparisons such as Judaism is like the Italian mafia which both relate to the “Jews control the world” conspiracy theory. (Note: Is this the origin of the “Khazarian mafia” conspiracy theory?)
- This point is related to the “Khazar hypothesis” point and the next two points: The USSR disseminated propaganda comparing Israel to (European) “settler colonialism” even though genetics (and history) show Jews are indigenous to Israel.
- Even though the USSR supported and aided Israel at first, because they thought(/wanted) Israel would(/to) become communist, they quickly changed sides and went back to there “antizionism”/antisemitism, when relations between Israel and Britain improved, and aided the Arabs(6). The USSR disseminated a massive antisemitic propaganda campaign through the middle east and Africa to gain the support of the Arabs and Africans, incite proxy conflicts between Israel and Arab nations and to frame Zionism as American imperialism even though America and Israel didn’t form a close relationship until the 1960’s(14).
- This point is related to the first point in this post: The comparison between Zionism, Nazism and racism originated from this USSR propaganda campaign. The UN

passed the the International Convention on the Elimination of All Forms of Racial Discrimination which America wanted to include antisemitism, which it never did meaning the UN refused to condemn antisemitism, and which the USSR wanted to include the counter point that "Zionism is Nazism", which also wasn't included. This lead to the USSR pushing the "Zionism is racism" resolution where they claimed the concept of Jews as the chosen people shows Zionists think of themselves as a superior race which draws a false comparison between fascist ideologies. (15)

- One of the basis to “Zionism is racism” is the “Israel is apartheid” lie which the USSR used/created, by disseminating a propaganda campaign which equated Zionism with apartheid, to get African countries to vote in favor of the resolution.
- The USSR used the “Zionists are Nazis” comparison to depict Jews, Jewish Israelis and Zionists as Nazis however the Nazis persecuted all Jews, wether or not they were Zionist, therefore Jews can not be Nazis. The USSR rewrote and distorted the history and facts of the holocaust by depicting the Soviets (and communists) as the main victims of the Nazis, instead of the Jews, and interestingly I have seen conspiracy theorists back this distorted history by saying its the “real” holocaust and how its the predecesor to the future “Khazarian(Jewish) genocide/holocaust of the aryan race” which relates to similar current day conspiracy theories. (Note: The Khazarian theory is already debunked above plus this theory relies on Jews controling the world which is (already) debunked through out this post.) This made it easier for the USSR to depict the Jews as Nazis. In 1985 the Anti-Zionist Committee of Soviet Public(USSR) published "Criminal Alliance of Zionism and Nazism" which claimed the Zionist collaborated with the Nazis and were responsable for the genocide of the Jews so they could gain sympathy in order to establish Israel which we know isn’t true because the elite didn’t just give the land to the Jews. This USSR propaganda was very influencial in the Arab world, it even influenced the Palestinian Authority president Mahmoud Abbas who wrote “The Other Side: The Secret Relationship between Nazism and Zionism”.

- The USSR attempted to move all (Russian) Jews to the Jewish Autonomous Oblast(JAO), “an alternative to Zionism”, which, at the time, was an uninhabitable due to the harsh climit and severe conditions.

It appears that Russia was the first rouge nation, a nation which knows parts of the truth and goes ahead with the elites plans before they should, and it appears it was becoming a rouge nation up until the point it officially became a rouge nation when it became the USSR. The elites use rouge nations to there advantage to advance there plans.

The Talmud:

The lies about the Talmud are easily debunked if you actually read and understand it the Talmud. People have taken it out of context by extracting only one sentence to make the Talmud look bad. This website debunked the lies about the Talmud.

Do the Jews control the media?

(The next two sections and the beginning of the final section are sourced from my blog and have been rewritten, reordered and have additional information.)
No the media is not controlled by Jews because if it was then the elite would not have let all this antisemitism exist for thousands of years, they would not have let it get embedded into society and they would not have let it exist to the point where it harms us innocent harmless Jews. If Jews really controlled the world and media then:

- Why would they let the media be full of antisemitism such as Jew-coding villains, in cartoons and other TV shows, with antisemitic tropes which make the villains look Jewish therefore making the Jews look bad?
- Why would they let antisemitic conspiracy theories, like the "elders of zion", spread?
- Why has antisemitism been around for thousands of years and why have most Jews experienced it?
- Why do innocent harmless Jews get attacked and sometimes even murdered for no reason and why is it that most of the time when this happens its never talked about in the (mainstream) media? Why can't Jews walk around without getting attacked?
- Why is there so much antiseminism and why is it everywhere?
- Why would the ruling people, the elite are incharge of, create this antisemitism?

The truth about Israel and Zionism. What happened to ancient Israel and the Jews.

The elite and there empires, on multiple occasions, have attempted to kill most of us Jews off and in the worse cases they have attempted a genocide of us Jews and attempt to erase us Jews such as when the Romans slaughtered many of us Jews and renamed our homeland to Palestine to erase the ancient Jewish history and connection to the land. Us Jews are not safe in any country, we have been repeatedly attacked in every country due to the antisemitism deeply embedded in society. The only place we would be safe is in a country of our own which would, rightfully, be in our indigenous land which our religion is centered around.

Judaism is (entirely) based around (ancient) Israel therefore Zionism, which is the belief that the Jews have the right to (re)establish there own country(Israel) in there indigenous land, is a core part of Judaism therefore denying the Jews, an indigenous people, to rule in there indigenous land is antisemitic therefore antizionism is (a form of) antisemitism. Calling Zionism a form of racism and not calling any other movement of indigenous people wanting there land back a form of racism is a clear sign of antisemitism.

It has been genetically proven that, most, Jews are descended from ancient Israel/Judea and are, therefore, indigenous to the land, it is also proven that Jews are descended from Canaanites and that they were tribes that rose after the collapse of Canaanites:
"Archaeology shows the Canaanites collapse, which was not caused by ancient Israel, lead to the emergence of ancient Israel. Israel was first mentioned in the Merneptah Stele c. 1208 bce showing the Israelites were a culture and ethnic group who lived in the land for thousands of years which proves the Jews and there ancestors are, some of, the original inhabitants/indigenous people of the land which they ruled. Note: The genetics of current day Jews, which also proves this, shows Jews originated from the middle east/ancient Israel."

The (Palestinian) Arabs wanted to claim all the land because they are indigenous to it yet they wouldn't let Jews who are also indigenous to the land claim some land because "Arabs opposed Zionism, this opposition was motivated by antisemitism" in the past. This would unfortunately "lead to the Arab riots which were instigated by Arabs acting on unfounded rumors of Jewish actions against Arabs leading to Arabs slaughtering Jews and further riots happening leading Jews to attack back" which would unfortunately escalate to "Arab nations declared war on Israel and invaded the land because they wanted a united Palestine", once Israel declare its independence, which would then lead to Israel taking it too far.

Unfortunately Israel taking it too far isn't a surprise due to all the attacks it suffers but that isn't the only reason because Israel taking it too far is also due to the Israeli government being corrupted with the elites leaders, like all other governments. This has now led to people attacking Israel and therefore us Jews which was obvious in 2021, which has said to been the was worst year for antisemitism, with the massive rise of antisemitism due to the Israel/Palestine conflict. The problem isn't Zionism or Israel, the problem is the current Government of Israel who are corrupted and have taken things too far. Us Jews condemn the actions, of the current Government, that harm people. Us Jews just want peace. The attacking of Zionism and Israel is leading to Jews getting attacked which is planned by the elite and it will not sole the problem.

The attacks Israel suffers are caused by terrorist groups, created by the elite, and there funders the Arab nations; This is all to make Israel and the Jews look bad so the elite can increase antisemitism.

First let me say this, I agree what is happening is horrible and Israel has taken it too far but, and I don't mean to sound horrible when I say this, I don't find it surprising based on these FACTS:

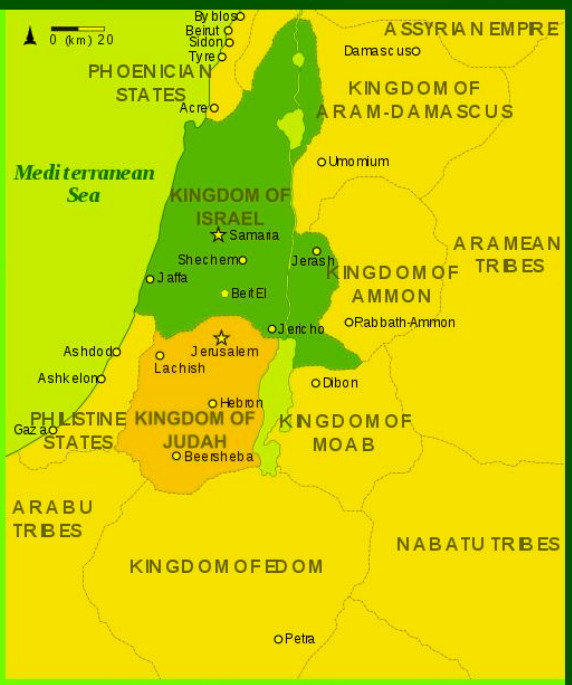
1. Archaeology shows the Canaanites collapse, which was not caused by ancient Israel, lead to the emergence of ancient Israel. Israel was first mentioned in the Merneptah Stele c. 1208 bce showing the Israelites were a culture and ethnic group who lived in the land for thousands of years which proves the Jews and there ancestors are, some of, the original inhabitants/indigenous people of the land which they ruled. Note: The genetics of current day Jews, which also proves this, shows Jews originated from the middle east/ancient Israel.

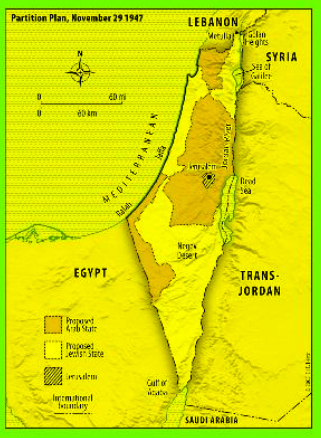
2. Empires repeatedly conquered the land leading to the Jews being repeatedly kicked out of the land over thousands of years but there has always been Jews in the land.

3. The Romans renamed the land to palestine to erase the ancient Jewish history and connection to the land which is a clear sign of antisemitism so palestine exists because of antisemitism and is therefore founded upon antisemitism. The word palestine derives from Philistia, the name given by Greek writers to the land of the Philistines, who in the 12th century bce occupied a small pocket of land on the southern coast, between modern Tel Aviv–Yafo and Gaza and to the northeast of Egypt. The Philistines, who have no connection to current day "palestinians", are believed to be closely related to the Greeks whilst the palestinians Arabs, who took on the new name of the land, are descendants of Arabs who moved to the land after empires conquered it.

4. There was no "coexistence" before the formation of Israel and palestine. Proof of this is Arabs opposed Zionism, this opposition was motivated by antisemitism, and this lead to the Arab riots which were instigated by Arabs acting on unfounded rumors of Jewish actions against Arabs leading to Arabs slaughtering Jews and further riots happening leading Jews to attack back.

5. Once Israel declared it's independence the surrounding Arab nations declared war on Israel and invaded the land because they wanted a united palestine, which is yet again another sign of antisemitism. As we know this failed.





Overview/conclusion:

Yes there is obviously an elite who rule the world:

- The people elected into Governments are funded by corporations.
- The corporations are run on money which they get from the banks.
- The banks control the money which gives the corporations power to put the people in power.
- The bankers, people who run the corporations and members of governments are all connected through organizations like the builderburg group and similar organizations(Think tanks). They are also connected through secret societies which are ruled by the elite.

But they are not Jewish! If they were Jewish they wouldn't be harming the Jewish community.

Based on the information in this post we can figure out the elites plan for the Jewish people is:

1. The Romans rename Israel/Judah to Palestine and kick Jews out of the land and turned the Jews into slaves. This is the point where the Jews became slaves to the elite.
2. Embed anitsemitism into society and create and spread anitsemitic conspiracy theories to rewrite history and increase antisemitism to aid in the genocide of Jews.
3. After WW2 the elite allowed the Jews to (re)establish Israel, but would corrupt it by placing the people they want in power, to aid in the genocide of Jews.
4. The elite use two groups(the nations that “support” Jews and the nations that don’t support Jews) to use Israel to increase antisemitism to aid in the genocide of Jews.

But why target the Jews? They are targeting the Jews because the Jews are the pineal gland of the human race who hold the 12 frequencies/strands of DNA also Jews have helped advance humanity, for the better. Quite a lot of influential people, especially in science, were Jewish and helped advance humanity. So stop attacking us Jews, we are not the bad people, the elite aren't Jews if they are letting this horrible stuff happen to there own people.
